### New Cosmopolitanisms: South Asians in the US - Gita Rajan ...

Abstract. This book offers an in-depth look at the ways in which technology, travel, and globalization have altered traditional patterns of immigration for South Asians who live and work in the United States, and explains how their popular cultural practices and aesthetic desires are fulfilled. They are presented as the twenty-first century's "new cosmopolitans": flexible enough to adjust to globalization's economic, political, and cultural imperatives.

This chapter first sets out the book's purpose, which is to explore and discuss the meaning of a new kind of subject construction informed by globalization—the new cosmopolitan subject—and all that it entails in life experiences for South Asians within the nation-space of the United States. It reviews theories of diaspora, globalization, modernity, and migration.

A focus on Asia is particularly timely given the changing geopolitical landscape and rise of economic powerhouses in the region, the worldwide influence of multiple different Asian cultures, and Asia's complex role within the Global South. The central work of the Asian Cosmopolitanisms Lab will be to redefine Asia from its Cold War understanding as particular nation-states within a geographical region, to a new conception as multiple networks and flows that touch upon all parts of the world.
